AG 2102

Grain Sorghum

- Medium maturity
- Excellent yield potential for maturity
- Excellent drought tolerance
- Excellent stalk strength under stress
- High test weights

Characteristic Ratings

Relative Maturity	Medium
Days to Mid Bloom	66
Grain Color	Red
Head Type	Semi-open
Approx. Seeds/Lb (1,000)	10-12
Plant Height (inches)	44-50
Plant Color	Purple
Yield for Maturity	1
Head Exertion	3
Plant Uniformity	2
Seedling Vigor	2
Root Lodging	2
Drought Tolerance:	
Pre-Flowering	2
Post-Flowering	2
Test Weight	3
Threshability	2
Charcoal Rot	2
Downy Mildew R3	4
Head Smut	4
MDMV	4

Poor Excellent

Based on Alta Seed research trials relative to other Alta Seed products.

Field Positioning

Tough Dryland	HS
High Yield Dryland Environments	HS
Limited Irrigation	HS
Full Irrigation	HS
High pH Soils-Fe Chlorosis	MA
Early Planting/ Cold Soils	S
No-Till	S
Poorly Drained Soils	X
Anthracnose Prone Area	S
Downy Mildew (Race 3) Area	MA
Head Smut Prone Area	MA

Observed Suitability and Field-By-Field Positioning
HS = Highly Suitable • S = Suitable
MA = Manage Appropriately • X = Poor Suitability
